

Math and Parent Partnerships (MAPPS)

10/28/10

Have you received the initial MAPPS training?

Sign up for MAPPS training and implement this innovative, fun, curriculum based, bilingual program for your parents and students.

What is it?

The MAPPS program engages **parents** of K-8 children in the mathematics of the schools. The program empowers parents with new mathematical knowledge and with new self-confidence about learning mathematics. It creates families that learn mathematics and it improves children's competencies in mathematics.

Who should attend?

A team of 1-3 people from your school will be trained to implement this program at your site for your parents. This program fulfills many requirements of NCLB Section 1118 for Title I schools.

How much does it cost?

It is FREE! Plus you will receive internet access to all materials, as well as access to follow-up trainings and support all year long. **If you are a teacher at a Title I school you may be eligible for a free substitute.** E-mail me to find out.

Interested? Check your selection below and Fax this flyer to 775-353-5536,

or

e-mail Matt Oates moates@washoe.k12.nv.us

Space is limited to 40 participants . Priority will be given to Title I schools that are In Need of Improvement. Others will be put on a waiting list.
